

> Then and Now

Begun in 2006 by teaching a few Africans, who each disciplined a few, and so on. Today over 80,000 full courses have been taught and thousands of Zambians – and Malawians – have been disciplined.

Today, A network of African National and Zone leaders, Area Coordinators, teachers and students stretches across South Central Africa. Each month leaders on every level visit the people they supervise, hand-delivering Bible studies and exams ... and gathering news and prayer requests to pass back up the chain.

Student profiles, monthly reports, and prayer requests are entered into a web-based computer system where, in real-time, JRM sees what each student is studying, how they do on exams, and what is happening in their lives.

> Many Africans are coming to Christ

Will they grow in their new faith?
Will they have Bibles to read?
Who will teach them?

Discipleship
Africa

*"Go, therefore,
and make
disciples
in all nations,
... teaching
them to observe
everything I have
commanded you."
(Matthew 28:19-20 CSB)*

**JRM makes disciples
in AFRICA**

You can too!
Here's HOW

> What JRM does

Focus: Making disciples, teaching them everything Jesus taught us. JRM teaches Africans to teach Africans to teach Africans... *"Go, therefore, and make disciples in all nations, ... teaching them to observe everything I have commanded you."* (Matthew 28:19-20 CSB)

Method: Tutoring – using 400+ Bible lessons in various levels – to lead Africans from backgrounds of witchcraft, animism, Islam, or “prosperity gospel” to the knowledge of Jesus, His Word, and Biblical Christian living.

Courses are complete with exams that check for understanding. **Students** celebrate each level in a colorful graduation ceremony where family and neighbors learn how God has changed lives through the Gospel. **Graduates** then train to be teachers of that level, tutoring new students who, in time, teach others.

Discipleship is on-going, life-changing – and village-changing.

> This ministry is financed by Sponsors, gifts, and nominal fees from the students being disciplined

- **Students** pay a small registration fee to join, and another fee for each course. Their average monthly income is \$45 (rural) to \$100 (city), so this is a substantial investment, which shows that students join because they really want to study the Bible and learn Truth about God.

- **A Sponsor** is a church, family, or individual ... who supports an Area Coordinator (A/C) by providing:

- Printing and delivery of teaching materials and Bibles
- Teacher training

(* Each A/C coordinates up to twelve teachers, who each mentor as many as 20 students through the discipleship process each year.)

Sponsors do three things:

1. Pray for their Area Coordinator, teachers, and students.

2. Encourage them with emails and WhatsApp calls.

3. Provide monthly funding of \$100 to subsidize the cost of printing, distribution, and training.

Sponsors receive:

- **Pictures, profiles, contact info, and personal stories** of your A/C, the teachers on the team, and all students.
- Monthly **reports** of student progress and prayer concerns.
- **Updates** on conditions and news in the country.
- **Opportunities to travel** with JRM groups to Africa to participate in their team's graduations, training events, evangelistic activities, hut-to-hut visits, and worship with the people they support.

To become a Sponsor, complete an application on-line, or just give us a call to get started. A JRM rep is pleased to come visit with you and other church leaders.

We pray that you will join us.
